

# Career Success and Introduction to the Paralegal Program

A career as a paralegal (also known as a legal assistant) can be a wonderfully fulfilling profession. Paralegals perform legal, regulatory and business-related research for lawyers working at their organization. Most of the time paralegals work for law offices, corporations' legal departments or courts. These professionals also provide legal support services to attorneys. They assist lawyers in filing materials such as motions, memoranda, pleadings and briefs in various court systems, as well as accompany lawyers to see clients and/or to go to court. Ready to take the leap?
