OUR PLAN:
Make NYC spend one billion dollars in legal fees defending Police Misconduct

The sentiment at most rallies are "the police are f*****g us up, the establishment Black or White are unresponsive to the ground war against us, we are dying and it is time the revolution begins." That's why Black Lives Matter the organization, its leaders are inspiring rallies for CHANGE. We are tired of that and we're not gonna take it anymore. What can we do? At our Chamber with the support of Figeroux & Associates, we offer our Civil Rights Advocacy Training and Radio Hosting. We want you to litigate the establishment to death (debt).

"There is a generational change taking place in the civil rights movement. And I think that generation shift is a positive. The movement is reflecting changes that are occurring and should be encouraged. I want the leadership conference to embrace that change.

Being in the civil rights struggle is not an experience to be worn like a suit that you take off at the end of the day."

- Wade Henderson, former president and CEO of The Leadership Conference on Civil and Human Rights
